## BUNCO.

## METZLER TELLS THE COURT HOW IT IS PLAYED.

An Elastic Sort of Swindle That Works in Arithmetical Progression—And Has No Limit but the Bottom of the Victim's Pocket.

The examination of Frank E. Rose, James Hood and James White, who are charged with "buncoing" Hon. J. B. Haskins of New York, was resumed before Justice Lockwood yesterday. The examination has been drawn out to a distressing length, the defense availing themselves to the utmost of their right of objections and rigid cross-examination. The witnesses examined yesterday were police officers, and as far as the story of the swindle was concerned nothing new was elicited.

Detective Russell was first on the stand, and related the story of the connection of the police with the case and the investigations which resulted in the arrest of Hood, Rose and White, together with the examination of Rose's room in the Crystal Palace and the finding of the bunco layout in his desk. The cross-examination of his witness was long drawn out, and he was not shaken in any material point.

Detective Metzler was then put on the stand. He told of his examination of Rose's room, and the finding of various articles there. The articles in evidence before the court were identified by the witness. His cross-examination was barely begun when the court took a recess until 1:30 o'clock.

After recess Chief of Police Burns took the witness stand. He testified as follows: I am Chief of Police of Los Angeles. I know Hood. I was present when he was searched at the police station. There were found on him a gold watch and chain, a \$5 gold piece, \$5 in greenbacks, an unsigned telegram, a photograph of a woman, some cards, and some minor articles. I cannot now recall. He reached for the telegram, and tried to grab it from my hands, saying: "That is of no use, and you do not want it." It was a telegram addressed to A. Bingham, Chicago, telling him to draw drafts on New York at Judge Haskins's bank.

"It's not right," ejaculated the angry witness. "Mr. Dorsey is one of the best men in town and can't be bribed. He has arrested more gamblers than any of them. I am told that he was once arrested by a brother of Rev. Dr. Dorsey, the Baptist minister, and if that is the case I want to know it." "That is all nonsense," replied Mr. Furey. People ought to be ashamed of themselves to make such a foolish statement.

"I want to know why Dorsey was not retained on the force. If he has ever done anything wrong I'll make it good, and I am able to do it. He must be on the force, because we want him."

"I was left out, sir, for good reasons, as were a number of others," replied Mr. Furey.

"He was, was he? Well, you have got to give us your reasons. We demand it."

"I won't get our reasons. If we went into that kind of business we would be in hot water all the time. We had good reasons for rejecting him, and you will have to be satisfied." And Mr. Furey dismissed the matter.

A few minutes before 8 o'clock Commissioners Biddell and Lindley came in, and the commission was called to order. The Mayor and Capt. Knox sent word that they could not be present, and Mr. Furey was chosen chairman. The Council had not yet reached police matters, and the commission decided to adjourn until 2 o'clock today.

On motion, it was decided to allow all persons who had filed petitions for places on the force to withdraw them if they chose. The resignation of Peter Reel was accepted, and J. T. Conlee was appointed to fill the vacancy. Reel is one of the oldest and best officers on the force, and has quit to accept a better position under Sheriff Augustine.

The commission then adjourned.

pocketbook of the victim, on the fifth drawing the dealer looks at the cards which have been drawn, and announces that No. 28 has been drawn, which is a total blank, and all the money put up by the players is lost. Then he rakes in the pot, and the game is played fairly, and the dealer counts the cards accurately, the scheme is so arranged that the chances against the victim are as one to one thousand. The star numbers are ingeniously arranged upon middle, common numbers which come off together, and even if the numbers add up and secure a prize, the conditional feature provides that it cannot be pocketed by the victim, but he must double the amount or lose all. If he wins a certain number of conditional prizes, the victim is informed that he has won the money, but that time never comes. The system of doubling counts up with frightful rapidity, and as in the case of Judge Haskins, the amount runs into thousands before the victim can draw his breath. There are various diagrams, but all are constructed on the same general plan of shutting out any possible chance of the victim to win. The limit of the game is the depth of his pocketbook.

Metzler tried to rattle the witness on his knowledge of the game, but he held his own, and it was perfectly clear to the dumbest comprehension that bunco is a terrible game for a physiologist victim.

At the conclusion of his testimony counsel for defense announced that this morning they would move for the discharge of the defendants.

POLICE COMMISSION.

A Little By-play, but Not Much Meeting.

There was to have been a special meeting of the Police Commission yesterday afternoon at 2 o'clock, for the purpose of taking some steps toward the removal of certain officers in case the Council insisted on cutting down the force from 100 to 80 men all told.

Mr. Furey was the first Commissioner to arrive, and while he was waiting for his brother Commissioners a very angry church member named Lamore entered the Mayor's office and in a pompous manner wanted to know why they had removed Officer Dorsey.

"It's not right," ejaculated the angry visitor. "Mr. Dorsey is one of the best men in town and can't be bribed. He has arrested more gamblers than any of them. I am told that he was once arrested by a brother of Rev. Dr. Dorsey, the Baptist minister, and if that is the case I want to know it."

The contestants quieted down when the Judge threatened to fine them both for contempt of court.

Dunn was to remain in charge of the office until Mr. Wilkins's successor arrives on the 14th inst., but the whole thing was knocked in the head yesterday when orders came for Mr. Wilkins to remain in charge until the 14th. This set the gossip to talking again, and all day they were trying to puzzle the thing out.

## SUPERVISORS.

The Board Convened for Its April Session.  
After a rest of two weeks the Board of Supervisors met yesterday, all the members being present.  
The petition to create the Anaheim irrigation district was granted, and the election set for May 8, 1889.

The matter of the Ninth-street extension was taken under consideration. Judge Allen appeared for B. Ballerino, who opposes the extension and wishes more damages.

Saturday was set for a hearing in the Arizona irrigation district matter. A petition asking the privilege of an appeal in the Alhambra incorporation matter to the Supreme Court was filed, providing the appellants filed a cash bond for its equivalent.

The petition for the vacation of Duarte road was granted upon the filing of the proper papers.  
Walter S. Moore appeared before the board as a member of the State Board of Forestry in regard to the planting of trees on the boulevard, offering to furnish trees at cost of handling. The matter was taken under advisement.

The petition of the California Co-operative Colony for streets was granted, the Downey and Wilmington road to be abandoned from the south side of Lane's land to Marcellus Bixby's lane.

The petition to have the privileges granted the electric railway annulled came up, and the board ordered that the company be not allowed to appear before it April 5th, and show cause why the same should not be declared forfeited, and it be compelled to remove all tracks and poles from the streets.  
On motion, all owners of land on the National boulevard are to be requested to plant trees at a distance of 40 feet from the center of the road, so as to leave 80 feet for the road, and that they be notified to make application for trees to the Board of Supervisors, which will furnish them free of charge.

## NEW CASES.

## Several Important Suits Entered Yesterday.

A suit was begun yesterday in the Superior Court by Idonia McGain vs. John Bennett et al. It is a suit to recover judgment for \$650 on a contract for the purchase of real estate.

Suit was begun by J. C. Newsome vs. Maria A. Wilcox to recover judgment for \$1155, which the plaintiff alleges is due him by defendant for work done as architect in drawing plans and specifications for a building to be built at the corner of Los Angeles and Aliso streets.

Silvanus White began suit for foreclosure yesterday against the San José Land and Water Company and the San José Ranch Company. The plaintiff sues upon two promissory notes, one for \$9000, and the other for \$8000, and asks judgment for that amount also, for interest on \$9000, and for \$1800 for attorneys' fees.

The W. H. Perry Lumber and Mill Company began suit yesterday against Refugio D. de Reyes de Robarts for \$9998.13. Plaintiff prays for judgment for this amount, claiming to be due for work done for the defendant, and materials furnished in the construction of the Reyes block.

## THE CALENDAR.

The April Term Fall and Running Over.

The judges of the departments of the Superior Court having jurisdiction over civil business met in Judge Cheney's courtroom yesterday for the purpose of calling the calendar for civil cases and setting them for trial. The attorneys of the city, fortunate enough to have secured clients out of the 468 cases on the civil calendar, were present during the day, which proved to be a very wearisome one to all concerned.

After working diligently all day, the civil calendar had been called, and cases set filling up almost completely the time of the judges for the next three months. That half of the calendar not called stands no show for the April term of the court, but the cases not set will of course, move and be called at the next term over the new cases which come in from the present time until that time. The calling of the calendar shows that there will be more than enough work to keep the judges busy, and that there is plenty of work for six judges.

## PASADENA NEWS.

## QUARTERLY REPORT OF THE LAKE VINEYARD COMPANY.

Council and Citizens Talk Railroad—Rev. M. N. Cornelius Arrives—The King's Fool—Local Gossip—Personal Mention.

PASADENA, April 1.—(Correspondence of THE TIMES.) The directors of the Pasadena Lake Vineyard Land and Water Company convened in regular monthly session this afternoon in the new office on East Colorado street.

All the members, with the exception of D. J. MacPherson, were present. The minutes of the last regular session and two special meetings were read, corrected and approved.

The monthly report of the secretary for the month of March was read. It showed a balance of \$3887.50 cash on hand, and expenditures for pipe, labor, salaries, etc., of \$2138.40. It was received and ordered filed.

The committee which was appointed to consult the City Council to arrange prices for water with the city reported it had consulted that body, but nothing of a definite understanding had been determined upon.

On motion of Mr. Parker, the committee on the Richardson Springs matter was granted further time to secure the rights of the company.

The matter of the city came up for discussion, and Director Brown thought the collector should be granted an increase of \$10 a month, and those of the tenders of gates be fixed.

The matter was referred to a committee of three. The collector's salary was carried at an increase. The superintendent was retained at the old salary, as also the secretary, on motion of C. C. Brown.

A vote of thanks was tendered to all the employees for the faithful discharge of their duties. A motion of the city to allow the chairman was made by Mr. Rice, which led to a general discussion.

On motion of Mr. Shoup the rules were repealed taxing stockholders 50 cents for tapping the mains; that steps be taken to dissolve the old association; that the city be repealed where it says branch pipes to property be the company's after one year.

The last motion was carried after being hotly protested by Mr. Rice. A list of plumbing tools was presented for purchase, which was referred to a committee of two members with power to act.

It was moved that the south part of reservoir No. 1 be graded preparatory to cementing it. The chairman was empowered to take charge of the work and employ competent help.

The secretary was given power to arrange for the comforts and details of the office of the company. A number of bills were audited, found correct and ordered paid. Adjourned.

RAILROAD TALK. The adjourned session of the City Council this afternoon attracted an audience of about 100 citizens to the Council chamber at 4 o'clock this afternoon.

At 8 o'clock a meeting of the Committee of the Whole was held, and the franchises and petitions of the various railroad companies discussed. Among the prominent persons noticed present were W. E. Arthur, Capt. John Cross, Hon. E. F. Spence, G. A. Swartwood, Daniel Cream, A. F. Strong, J. S. Mills, James McLachlan and many others.

A full board was present, and the board at once resolved itself into a committee of the whole. On motion of D. R. McLean, the petition of the Los Angeles, Glendale and Pasadena Railroad was taken up, and 10 minutes allowed for the expression of views.

The opening speech was made by W. E. Arthur, one of the attorneys for the company, after the petition of certain property-holders had been read by the Clerk to grant the right of way through their property.

The total amount of frontage in the communication (lots up to about 1500 feet. The petition was now put to second reading, during which Capt. John Cross offered to complete the work in five months from date.

Hon. E. F. Spence being called upon, said he could not clearly define the route, but could find a good substitute in Mr. Storey.

The petition of the San Gabriel Valley Rapid Transit Road was then read, and the amendment thereto, to operate the road within eight weeks after the franchise had been granted.

Gentlemen, you as a board, should see that these companies approach all the property-holders and have their consent by seeing all of them. A train of cars running through the alley ruins it, therefore the owners should be first consulted.

This called for another address from W. E. Arthur, Esq., who said that public alleys could be crossed under certain conditions, and that the public enterprise required that a rapid transit road be built. The other company makes its threat that it shall roll out if the franchise is not granted.

Should not the franchise be granted to the company which first on the ground? This speech ended the meeting, after impromptu remarks from several members of the board.

LOCAL MENTION. Owing to important engagements the lecture to young men in Wooster Hall, by G. Wiley Wells, Esq., has been postponed.

Rev. M. N. Cornelius, pastor of the Howard Presbyterian Church of San Francisco, will arrive in the city tomorrow and on Thursday evening will be tendered a reception by his former congregation of this city.

The Observance Committee went to Los Angeles this morning to arrange for the building and endowment of the observatory. A conference was had, and it was decided that the present committee arrange at once to secure the endowment fund of \$100,000.

The members of the City Board of Trustees met in adjourned session in the Council chamber, together with the people of Pasadena, at 4 o'clock on Tuesday afternoon.

The annual meeting of the Pasadena Land and Water Company was held this afternoon. There being no quorum, an informal meeting was held. The board heard from the directors: P. M. Green, O. R. Dougherty, S. Washburn, A. K. McQuilling, J. H. Baker, A. O. Bristol and H. G. Bennett.

The King's Fool by the Corried Opera Company will draw the largest house of the season at the Grand Opera-house tomorrow evening.
